Under the direction of Garrick Bowen, this choral group has entertained audiences all along the Wasatch Front for many years. These singers practice weekly in Centerville and enjoy a variety of music styles, from showtunes to old favorites. Members from our area include Jule Svare, Ben Booth, and Wendy Rice. You might have heard them at Cherry Hill, or Temple Square, but our engagement at City Hall is a lot closer and easier parking!

## FEATURED ARTISTS

### Heather Aileen Zahn Gardner April

A professional photographer, Heather first started snapping pictures as a little girl with a Kodak disc camera. Her favorite subjects are black & white landscapes. She loves taking the back roads and searching out ghost towns. She is currently learning digital bridal/portrait photography. She loves doing weddings and family sittings. A graduate of BYU with a BS in Psychology, she now lives in West Bountiful with her husband Todd and four children ages six and under. See Heather on the web at: [heathergardnerphotography.blogspot.com](http://heathergardnerphotography.blogspot.com)

### John Trimming May

We are pleased to feature once again the art work of John Trimming who has just finished teaching another six-week course on basic drawing at City Hall. He will offer another six-week session in the fall. As a hunter, camper, and fisherman, John draws inspiration for his work from nature. He enjoys wildlife illustration and paints portraits from the Book of Mormon.

### The Maloy Family June

The multi-talented Maloy family will not only perform for us in the 2nd Friday of the month June concert but also display, during the month of June at City Hall, a variety of works of art from paintings to sculpture that have been created by various members of the family.

We have enjoyed various concerts from part of the Maloy family in the last 3 years, from Paul's Barbershop Quartet to Colette's Silver Winds flute ensemble. We were amazed to hear Karen's fingers fly thru Yankee Doodle violin variations in our patriotic concert last June, along with Kenneth's trumpet on "Buglar's Holiday". Do you remember Keith's hilarious "Trash Day" movie in Jan. of '07? (He did all his own soundtrack.) Now finally we have convinced them all to come for a fun variety night, from 40 fingers on two pianos at once to who knows what! (Colleen is going on a vacation the day after the concert!)

**We're amazed at all the artistic talent that's here in West Bountiful! We're sure there must be others that we are not aware of, and they're probably bashful. If you know of anyone who paints, sculpts, or shutterbugs, PLEASE let us know, We'd love to invite them to be one of our "featured artists." Call Eric 232-7386 and claim your special head-hunter's prize.**
